

Committee of Nominations Chair

It seems like time is passing by all too quickly these days. As a retiree, I find that I tend to measure time by the seasons. It seems like we were just bundling up yesterday, and yet today, I walk outside and am slapped in the face with the August heat and humidity. What's the saying? How time flies by when we're having fun!

I guess the district leadership team has been having fun, because time sure has flown by this year! I cannot believe that it is already that time of the year to fill the vacancies for the leadership team. Below is a list of the positions which need to be filled and a brief description of the responsibilities. A detailed description for each office can be found in the Accepted Policies on our website: hrumw.weebly.com under About Us. As you prayerfully consider if you might be a candidate for a position, think about this. As a district officer, doors are opened in leadership roles, educational opportunities, as well as collaborating with other district leaders and unit officers.

On a final note in my last article for the newsletter and website, I reflect on how Jesus' life was a shining example of serving. He knew his Father's plan was for him to die for the mistakes and sins of everyone, including you and me. Jesus could have cried and complained about this every day. But he did not. Instead, he served others. He fed people. He healed people. He taught people. He looked for ways to change lives and kept doing what God told him to do.

Matthew 20:28 (NIV) tells us "... the Son of Man did not come to be served, but to serve, and to give his life as a ransom for many."

So, are you ready to serve; to be a district officer? I ask that you prayerfully consider doing so, as you search within your heart. If you believe you would like to serve on the leadership team or have questions regarding any of the positions, please contact me or Lois Azar: 615.504.6458

Respectfully,

Kate Howard
