Pushout: The Criminalization of Black Girls in Schools

Despite increased attention to the mass and over-incarceration of black men, the plight of criminalized black women and girls is overlooked, underreported and under analyzed. Monique W. Morris' *Pushout* shows how even with obstacles, stigmas, stereotypes and despair, black girls still find ways to breathe remarkable dignity into their lives in classrooms, juvenile facilities and beyond, and challenges the rest of us to do the same.

Copies of the book is available for purchase at Amazon (new and used) and for Kindle. You do not need to have read the book to benefit from the virtual event!
