

Let Your Light Shine – Through Your Talent

What is the *power of one*? One man or woman can change the entire course of history. For example, have you thought about what would have happened to the 19th amendment if Harry Burn's mother had not had such an influence over him as to get him to go against his constituents and vote in favor of the 19th amendment, the one that gave women the right to vote? It's kind of mind boggling.

I gave this little mini history lesson because you have the power to be **THE ONE**. The nominating committee will be asking for officers to serve for the year 2022. The officers for this year graciously accepted the office without counting against their time of service. (Read the Harpeth River District Newsletter from earlier.) However, now is the time to start thinking about **NEXT** year. We will have openings for officers on the District Level. Therefore, I hope you will pray about what **YOU** can contribute to the Harpeth River District **UMW**.

Everyone has a talent which can be shared. I hope as we begin looking for candidates to be installed next year in September, you will either reach out to me at jldavis71391@att.net or to one of the nominating committee officers. Let us know which office you are interested in serving. In a future newsletter, I will have information about what offices are available for the coming year. Remember, it only takes **ONE** to make a difference and **YOU** could be that one.
